Testimonials from Professors, and Opinions of the Press.  
"The Horace Waters' Piano is known as among the very best. We are enabled to speak of these instruments with some degree of confidence, from personal knowledge of their excellent tone and durable quality."  
—New York Evangelist.

Nothing at the State Fair displayed greater credit in any department than the Piano-Forte manufactured by Horace Waters, at this city. It was the finest among the many pianos at the Crystal Palace, those placed there by Horace Waters, whose instruments are always popular.

The Horace Waters' Piano is built of the best and most thoroughly seasoned materials. From all we can learn of this establishment—and we do not think the largest in the United States—we have no doubt that buyers can do as well, perhaps better, at this than at any other house in the Union.
